

# Car Parking

Towersey Memorial Hall has no car park apart from space for one vehicle by the Chinnor Road fire exit normally used for loading/unloading. We do not have authority to control where the users of the hall park nor can we accept any responsibility for your vehicles. However, we ask that you show consideration for the residents and other road users. Here are some suggested places to park as shown in the diagram above by the green lines and blue cars:

- Chinnor Road opposite the hall.
- Manor Road on the left beside the village green.
- Church lane is wide enough to park end-on near the junction but please don't park too close to the junction as this can reduce visibility at the junction. Avoid the area between (and including) the road-name signs.
- Thame Road on the same side as the hall.
- Please avoid parking in the areas marked in red.
